18TH YEAR. NO. 162.

EAST LIVERPOOL, O., TUESDAY, DECEMBER 24, 1901.

TWO CENTS.

AN INSANE MAN NOW IN CUSTODY

**Police Arrested William Moore,
Who Is Accused of Spread-
ing Terror.**

TO BE TAKEN TO LISBON

**The Prisoner Appeared Indifferent As
to His Fate—An Alleged Robbery
Aired in Police Court—Wiley Far-
mer Again Arrested.**

Officers Morris and Salsberry ran across William ("Reddy") Moore at 4 o'clock this morning near the depot. Moore was promptly placed under arrest. During the forenoon Sheriff Noragon was notified by telephone of the capture and Moore will be taken to Lisbon, where he is wanted on an insanity charge.

Moore is the man who is alleged to have assaulted little Georgie South a few weeks ago in this city, but since that time was reported to have been in Pennsylvania towns. Moore had nothing to say concerning his wanderings and seemed to take his arrest indifferently.

Wiley Farmer was arrested last evening by Officer Salsberry. The young man had loaded up on levee booze and was singing "Ah, Poor Bridget; Ah, Poor Girl" on Second street when the patrolman suggested that Farmer go with him to the city jail.

The prisoner this morning entered a plea of guilty to drunk and disorderly conduct and was fined \$2 and costs. He has been to the workhouse three times, but said that he had been trying to be good.

A call for the patrol was sent in from Franklin street this morning. An Italian named Thomas Guidie, who belongs in Wellsville, claimed that he had been robbed while sleeping in a room with a German piano tuner in a boarding house kept by Mrs. Davis. Guidie says that he missed the last car for home and obtained lodging at Mrs. Davis' house. Miss Anna Davis confirmed the Italian's story that he had a \$20 gold piece and some more money when he retired to the room with Wendell.

When Guidie awoke his money, amounting to \$21.50, was missing. The piano tuner, Gus Wendell, was taken by Officer Pat Wood to the mayor's office. Guidie refused to positively declare that Wendell had taken the money and as Mayor Davidson did not feel that there was sufficient evidence to hold him Wendell was discharged.

WM. GRAY LOST AGAIN

**His Wife Reported in Pittsburg In
Search of
Him.**

Mrs. William Gray, who came to East Liverpool some months ago to locate her husband and succeeded in finding him, as published at the time, has evidently lost him again. A Pittsburg paper of last evening said:

"Mrs. William Gray, of 318 Fifth street, East Liverpool, O., was in Pittsburg this morning for the purpose of seeing the police of the two cities in the effort to secure some trace of her husband, who, she says, has been missing for some time. Mrs. Gray was accompanied by a little daughter. She said that her husband, who, about a year ago was in the ice business at Parkersburg, W. Va., left that place on Dec. 5, 1900. She says she saw him again on Oct. 28, of the present year, and he told her he was going to Steubenville, and would return in a few days. She says she heard her husband died in Allegheny last week, and, having previously been informed that he was here, came to this city, but learned that the dead man had borne another name."

A MOTHER'S PLAIN

**WANTS HER CHILD BACK IN HER
OWN CARE.**

**Thought She Gave It to a Rich Man,
But Found It on a
Shanty Boat.**

Lisbon, Dec. 24.—About six weeks ago John C. Warner and his wife Matilda, of East Liverpool, came into court with the written consent of Mrs. Laura E. Mounsey of Fredericktown, authorizing them to legally adopt their child, Edgar L. Mounsey. The necessary preliminaries were gone through with and the child's name legally changed to that of its new parents by adoption.

The mother on Saturday came into court and declared her determination to set aside these proceedings if possible and secure possession of her child. She says that about the first of October Warner came to her home to secure her consent to give the child to him and his wife. He told her that he was a sober, industrious man and that her child would benefit by his wealth. He said he owned a large farm in California, a home in East Liverpool, and had money deposited in the East Liverpool banks.

Dazzled by the future prospects for her child, who is scarcely more than an infant, Mrs. Mounsey thought she would be acting against his best interests to refuse to give him up, and she reluctantly signed the consent to the adoption and the little one was taken away. She says that she had now discovered Warner lied to her throughout and she has since found out that he is a worthless drunken man without a cent in the world. When he got her boy he took him to a shanty boat on the Ohio river where he and his wife lived and the child has not been provided for by them.

The mother is in constant terror lest something happens to her son in what she terms his dangerous home, and she wants Judge Boone to place him in the care of some suitable person until the case can be disposed of. She also says that the Warners will remove him from the jurisdiction of the court unless restrained.

NO QUORUM PRESENT

**Board of Education Could Not Act on
Proposed New
Room.**

No quorum was present at the board of education meeting which was to have been held last evening. Only the superintendent and Members Vordrey, Kelly and Hill were on hand. The board adjourned for two weeks.

It was expected that they would act on the proposition to fit up a basement room in the central building which will be used for the overflow of pupils. The plan is to have a wood floor built over the concrete. The windows will also be remodeled so as to furnish better light in the basement.

When the improvement is made one of the substitute teachers will be promoted.

CHRISTMAS BASKETS

**Salvation Army Will Engage in
Distributing Them
Tomorrow.**

The distribution of Christmas baskets by the Salvation Army will take place tomorrow morning from 7 to 10. The corps will be assisted by members of local churches, including a committee appointed by the Young People's Missionary society of the Presbyterian church.

Stock of Goods Sold.

Lisbon, December 24.—(Special)—Philip Better, of Cleveland, who purchased the Twentieth Century store from S. T. Todd two weeks ago, has sold the stock to Joseph Fittler, a merchant of Wood county. The store is to be closed for invoicing and will be formally opened next Saturday.

Killed at Alliance.

Alliance, December 24.—John Connerth, aged 21, fell from a crane at the Morgan Engineering works and was instantly killed. His only relative is his mother in Germany.

BIG POTTERY FOR COLUMBUS

**Bell Brothers, Formerly of This
City, Expected to Erect a
12-Kiln Plant.**

NEGOTIATIONS ARE NOW ON

**And It Is Expected a Company Will
Be Formed With \$500,000 Capital to
Build a Factory to Employ 500
Hands.**

Columbus, December 24.—(Special)—Local capitalists are negotiating with the Bell Brothers China company, of Findlay, for the erection of a 12-kiln pottery in this city. The company is offered a land and cash bonus to locate here and the capitalists are willing to take a large amount of stock in the enterprise. If the plans do not miscarry, a company will be formed with \$500,000 capital stock and will operate a plant employing over 500 hands. General ware will be manufactured.

The Bell Brothers China company is capitalized at \$250,000. Messrs. William and Edward Bell, members of the firm, have made several trips to the state capital lately on matters connected with the deal. One of the gentlemen stated to an acquaintance here that he fully expected the project would go through all right. The brothers are former residents of East Liverpool. About six months ago Columbus parties began negotiating with East Liverpool potters for the construction of a mammoth pottery plant here, but the deal fell through.

POTTERY NEWS

**CONTEMPLATED IMPROVEMENTS
AT THE UNION PLANT.**

**The Holiday Shut-Down—Notes of In-
terest to Pottery
Workers.**

While representatives of the Union Pottery company, of Pittsburg, were here yesterday the decision was reached to ask for estimates for the building of an addition to the Union works, the cost of which when finished will amount to several thousand dollars. It has been proposed by the company to build a three-story addition to the plant adjoining the warehouse, where the sliphouse now stands. How soon work will start could not be learned. The jigger shop will be removed from its present location into the new addition, and additional room will be obtained for ware purposes. When Mr. Fowler was asked about the proposed change at the Union he was loath to give out details, but admitted that many changes would be made at this plant soon. It is also proposed to increase the kiln capacity. Yesterday afternoon contractors, with Mr. Moreland and Mr. Fowler, made a tour of the Union pottery. Mr. Fowler and Mr. Moreland left for Pittsburg on the afternoon train, stating they would be in the city soon again, when their complete plans would be known.

jured in a runaway at Wheeling several weeks ago, will not be able to resume his duties after the first of the year. S. D. Carson, office man at the Laughlin No. 2 plant, will make a trip through Mr. Lynch's territory soon after January 1. He will be gone two months.

At the regular meeting of local union No. 17, held in Brotherhood hall Saturday evening, officers for the coming year were elected.

LOCAL MEN INDULGE IN A BLOODY BATTLE

An exciting fistie encounter was pulled off on the West Virginia side of the river last night, which, though very short, did not lack any of the elements that go to make up a first-class prize fight.

Clarence Hall and a party of friends entered the saloon of Rose Tucker on West Market street at a late hour last night and it is said the dispute between the bartender, James Force, and Hall arose over the excessive charge for four hot drinks.

The men parleyed for some time at the saloon and finally it was proposed that they go over the river and fight it out. Both agreed and a party of about 30 friends of the contestants

POLICE WORK FOR PAST YEAR

**A Record Which Mayor and Chief
May Contemplate With
Satisfaction.**

ARRESTS WERE INCREASED

**But the Number of Grave Misdemean-
ors Appears to Have Diminished.
A Neat Sum Received From Fines.
Interesting Statistics.**

A retrospect of the record of the mayor's court and the police department admits a flattering showing, not only to the efficiency of the present administration, but in exhibiting the fact that there has been no general disorder in the city during the current year. Under Mayor Davidson's regime the number of arrests has increased, but the enormity of crime has been the opposite.

From Jan. 1, 1899 to Jan. 1, 1900, there were 822 arrests; and from Jan. 1, 1901 to Dec. 23, 1901, there have been 861 arrests. These figures express the total list of offenders brought before Mayor Davidson, with the exception of the period from Jan. 1, 1899, to April 9, 1899. In the first fiscal year of his administration there were 941 arrests, in comparison with 493 under the last year of Mayor Bough's term—a gain of 448.

By way of further comparison, in detailing the character of offenses, during the two years under Mayor Bough certain offenses classified were as follows:

Keeping houses of ill fame and loitering in the same, 5; Sunday liquor violations, 8; loitering in saloons on Sunday, 19; gambling, 21.

Under Mayor Davidson's administration, with three and one-half months to complete, arrests may be summarized under the same categorical headings: Keeping houses of ill fame and loitering in the same, 62; Sunday liquor selling, 13; loitering in saloons on Sunday, 44; gambling, 117.

Chief of Police Thomas V. Thompson has made 86 arrests and convictions in state cases during his term of 20 months.

The amount of fines in Mayor Davidson's court during his first fiscal year and turned over to the city was \$1,858.80, and for the portion of the current year, to date, \$1,443.90. It is estimated that the amount in fines to be collected, prior to the end of his term for this year will be in excess of \$2,000. In the last year of Mayor Davidson's predecessor \$1,291 was the amount of fines.

While Mayor Davidson was not elected on a prohibition ticket, as was his predecessor, it is strongly asserted that the showing of the statistics of his administration will not be to his discredit nor to that of the police department.

Most of the offenses have been of a minor description, and, while Mayor Bough's custom was to fine \$5 and costs for plain drunkenness, Mayor Davidson's penalty has been \$1 and costs.

The mayor and chief of police adhere to the opinion that it would be wisdom on the part of the city to have a rock pile and allow fines to be paid by breaking stone for street improvements, instead of the city bearing the expense of keeping offenders at the Canton workhouse. In the past 20 months 59 persons have been sent to the workhouse.

During that period cases of larceny have been exceedingly trivial, the culprits being, in large part, juvenile offenders. Instances have been common where boys were arrested for stealing

fruit. There has been 74 cases of larceny in the 20 months.

The police department has been remarkably successful in the recovery of stolen property. Last year \$769.70 worth was returned to the owners and this year \$568.60. Chief Thompson feels gratified over the achievement of breaking up the stealing of ware from the potteries. Ware has been returned to firms which were not aware of the theft. Of 60 pottery rings reported stolen, 59 were recovered.

During the summer season numerous excursions have been run to East Liverpool, bringing in promiscuous elements, but the local police department small as it is, has succeeded in preventing disorder. Their untiring vigilance has preserved the community from violence and lawlessness. Few towns of the size of East Liverpool have so small a police force, numerically. There are only six regular men, but they have labored in unison for the peace of the community.

In speaking of his policy in dealing with the people whom he is serving, Mayor Davidson stated last evening that he did not intend to pursue a policy of persecution; that he would resign his office before he would do that, but that he did propose to have an orderly city, and believed the police department deserved great for its good work.

"Among other things," said the mayor, I intend to stop the selling of intoxicating liquor on Sunday. Every saloonkeeper who is arrested for selling on the Sabbath day will get \$100 and costs, which is the extreme punishment that I can give."

ROBBERY REPORTED

**Northside Family Said to Have Lost
Two Watches
And \$5.**

Aaron Coleman, reported to the police department this afternoon the theft of a gold watch, a silver watch and a purse containing \$5 in money from a Northside family by a boy of 14 years.

The culprit is a nephew of the owner of the property, but will be arrested as soon as he can be located.

POLICE WORK FOR PAST YEAR

A Record Which Mayor and Chief May Contemplate With Satisfaction.

In the first fiscal year of his administration there were 941 arrests, in comparison with 493 under the last year of Mayor Bough's term—a gain of 448.

By way of further comparison, in detailing the character of offenses, during the two years under Mayor Bough certain offenses classified were as follows: Keeping houses of ill fame and loitering in the same, 5; Sunday liquor violations, 8; loitering in saloons on Sunday, 19; gambling, 21.

Under Mayor Davidson's administration, with three and one-half months to complete, arrests may be summarized under the same categorical headings: Keeping houses of ill fame and loitering in the same, 62; Sunday liquor selling, 13; loitering in saloons on Sunday, 44; gambling, 117.

Chief of Police Thomas V. Thompson has made 86 arrests and convictions in state cases during his term of 20 months.

The amount of fines in Mayor Davidson's court during his first fiscal year and turned over to the city was \$1,588.80, and for the portion of the current year, to date, \$1,443.90. It is estimated that the amount in fines to be collected, prior to the end of his term for this year will be in excess of \$2,000. In the last year of Mayor Davidson's predecessor \$1,291 was the amount of fines.

While Mayor Davidson was not elected on a prohibition ticket, as was his predecessor, it is strongly asserted that the showing of the statistics of his administration will not be to his discredit nor to that of the police department.

Most of the offenses have been of a minor description, and, while Mayor Bough's custom was to fine \$5 and costs for plain drunkenness, Mayor Davidson's penalty has been \$1 and costs.

The mayor and chief of police adhere to the opinion that it would be wisdom on the part of the city to have a rock pile and allow fines to be paid by breaking stone for street improvements. Instead of the city bearing the expense of keeping offenders at the Canton workhouse. In the past 20 months 59 persons have been sent to the workhouse.

During that period cases of larceny have been exceedingly trivial, the culprits being, in large part, juvenile offenders. Instances have been common where boys were arrested for stealing

fruit. There has been 74 cases of larceny in the 20 months.

The police department has been remarkably successful in the recovery of stolen property. Last year \$769.70 worth was returned to the owners and this year \$568.60. Chief Thompson feels gratified over the achievement of breaking up the stealing of ware from the potteries. Ware has been returned to firms which were not aware of the theft. Of 60 pottery rings reported stolen, 59 were recovered.

During the summer season numerous excursions have been run to East Liverpool, bringing in promiscuous elements, but the local police department small as it is, has succeeded in preventing disorder. Their untiring vigilance has preserved the community from violence and lawlessness. Few towns of the size of East Liverpool have so small a police force, numerically. There are only six regular men, but they have labored in unison for the peace of the community.

In speaking of his policy in dealing with the people whom he is serving, Mayor Davidson stated last evening that he did not intend to pursue a policy of persecution; that he would resign his office before he would do that, but that he did propose to have an orderly city, and believed the police department deserved great for its good work.

"Among other things," said the mayor, I intend to stop the selling of intoxicating liquor on Sunday. Every saloonkeeper who is arrested for selling on the Sabbath day will get \$100 and costs, which is the extreme punishment that I can give."

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop formation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. Your only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. You can get Dr. G. G. Green's reliable remedies at Charles F. Craig's, Foutts Bldg., East Liverpool, O.

SONG SAVED THE DAY

TURNED THE TIDE AT THE WILDERNESS BATTLE.

Hon. R. G. Richards, of Steubenville, the Man Who Started the Inspiring Music.

Steubenville, December 24.—Major W. W. Tyson and daughter, Miss Sadie, of Erie, Pa., are guests of H. S. Menough and wife. Major Tyson is ex-commander of the Soldiers' Home at Erie, Pa., and he has been prominent in political, Grand Army and National Guard circles in Pennsylvania since the war. Among the callers on him Sunday was Hon. R. G. Richards, who served in the same regiment, the 45th Pennsylvania, with Major Tyson during the civil war, and these two old veterans discussed their many reminiscences in an entertaining way. In this connection Major Tyson relates a heroic deed of Judge Richards performed on the second day of the battle of the Wilderness.

Their regiment had charged three times against the confederate entrenchments and had been hurled back each time with heavy loss, and the last time they retired in confusion, having lost their colors and the regiment being well nigh annihilated. There was but a remnant left and they were retreating rapidly and there seemed no hope for the forlorn remnant, which was in riot. The confederates saw the shape they were in and saw a chance to turn the retreat to account by breaking the union lines at this point, so they sallied forth over their intrenchments and were coming along with the old time yell.

The fleeing union men were in a strip of woods when all at once the disorganized men heard the start of the inspiring song, "Rally Round the Flag, Boys." Man after man heard it and they closed up and met the rebel rush with new courage and hurled them back and the line was saved and the day. The man who started the inspiring song that did the work was Reese G. Richards, and Major Tyson feels a medal of honor is due this brave veteran for this heroic act.

Governor Richards says Major Tyson was a brave and capable officer. Major Tyson planned the earthworks to the south of Knoxville, from the Holston river to Fort Sanders and also completed the fort and also planned putting the old telegraph wire in front of the fort which confused the rebels in their attack. He was complimented by General Sherman for his work. Major Tyson at that time was on General Ferrar's staff.

I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annato Bay, Jamaica, West India Islands. Sure Sign of Bad Blood—Can Be Cured with Blood Wine.

Many of our Citizens Thus Afflicted Are Obtaining Wonderful Results from this Great Remedy.

Red nose, red, flushed face, pimply skin, sallow complexion, and sores all belong in the same class, known as diseases of the blood. There is really no excuse for a person suffering with these disfigurements, because the proper treatment brought to bear on the blood will quickly correct them. "Blood Wine" cures disease by working on the blood. It makes new blood and extracts from it the poisonous matter that creates sores, etc. It literally permeates the blood with new life. It causes redness of the skin to gradually disappear and the tint of health to return. It makes sores, ulcers and pimples dry up and fade away. Its action on the blood is never failing.

This is a picture of Mr. Geo. A. Carter, one of Worcester's leading business men and a power in the industrial life of Massachusetts, who says:

"I am much pleased to be able to give my testimony as to the worth and curative properties of 'Blood Wine.' Having used it is remedy for more than a year, I can truthfully say it is the best medicine I have ever used for the blood. I would not be without it at any price. After using the first bottle I was greatly benefited, and my entire system seemed renewed with energy, health, and strength before I had finished my second bottle. I can heartily and conscientiously recommend it for old or young as being a remedy that will not disappoint you."

You should try this great medicine; you will feel the effect of it the moment it strikes the stomach. "Blood Wine" contains no wine or opiates. It is not a temporary relief but an everlasting cure. "Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Will Reed and Hodson's drug stores.

Iowa Governor Tendered Portfolio of Secretary of the Treasury.

GOV. CRANE DELCINED PLACE.

Gallantry to His Aged Mother One Reason; Another Being Unable to Arrange Business Affairs—Some Talk of Herrick.

Washington, Dec. 24.—Governor Leslie M. Shaw, of Iowa, has been offered the post of secretary of the treasury when Secretary Gage shall retire, Governor Crane, of Massachusetts, having formally declined the tender of the treasury portfolio made to him at the White House on Friday.

Governor Shaw's friends believe that he will accept, as he retires from his present position Jan. 1, and it is not thought his business or other engagements would stand in the way of his coming to Washington within the next few weeks and taking charge of the treasury department when Secretary Gage retires.

President Roosevelt was deeply disappointed when George H. Brewer, a confidential agent of Governor Crane, of Massachusetts, delivered to him at the White House Governor Crane's formal declination to accept the secretaryship of the treasury.

The governor's devotion to his aged mother, who is an invalid, coupled with the difficulty of arranging his large business affairs in a way that would not interfere with the discharge of his duties as secretary of the treasury, compelled Governor Crane to decline the president's offer.

While little doubt was felt in the best informed circles here last night that Governor Shaw, of Iowa, is now the greatest probability for the secretaryship of the treasury, Senator Hanna and other friends of Colonel Myron T. Herrick, of Cleveland, had not relinquished their efforts since it became known that Secretary Gage might retire, to secure for him an offer of the treasury portfolio.

They believed that Colonel Herrick's appointment would receive the warm approval of the great business and financial interests of the country.

President Roosevelt is known to have given serious consideration to Senator Hanna's suggestion regarding Colonel Herrick, but the feeling last evening was that the Cleveland banker would be offered the place only in the event that Governor Shaw, of Iowa, cannot take it.

Des Moines, Ia., Dec. 24.—Governor Shaw left for the east last night. As the train pulled out he said:

"I have seen the newspaper dispatches which state that I have been selected by President Roosevelt to succeed Secretary Gage. I have no other information on the subject. Manifestly I cannot discuss it. I have not received any intimation on the subject from Washington, either from President Roosevelt or from any Iowa friends there."

The governor declined to state his purpose in leaving the city for the east, but said he had not been called to Washington.

ISLANDS AMERICAN TERRITORY.

Long Approves Such Decision as to Philippines.

Washington, Dec. 24.—The secretary of the navy has approved an opinion of the judge advocate general that the Philippine islands are United States territory, so far as the statute of limitations applies to naval offenses. In the case in question a sailor deserted from the navy over two years ago and enlisted in the army. His regiment was serving in the Philippines and he remained with it. The naval authorities, learning of his whereabouts, instituted proceedings for his trial by court martial, on the charge of desertion. The case came before the judge advocate general, who decided that the statute of limitation barred prosecution for the offense, it having occurred more than two years ago, and the alleged deserter not having left the territory of the United States. Secretary Long approved the opinion, and directed a discontinuance of the proceedings against the sailor.

LITTLE COAL IN LIMA.

Hundreds Walked Miles Into Country to Buy Wood.

Lima, O., Dec. 24.—There has not been a pound of soft or hard coal in this city since last Wednesday. The fuel famine is unprecedented, and there is no sign of relief. Wood has gone as high as \$10 a cord, and hundreds of people walk miles into the country to meet wagons coming into the city and make purchases before others can get to them.

Railroads report thousands of carloads of coal between this city and Cincinnati, waiting to be moved.

Youngstown, O., Dec. 24.—The coke and coal situation which confronts the manufacturers and private consumers in this valley is alarming. For two days the Mahoning Valley Railway company has been operating its line from Warren to Lowellville, 23 miles in length, by burning ties. Two carloads of coal were received yesterday, but these will last but a day.

WARRANT FOR \$3,334.

SCHLEY'S PRIZE MONEY.

Washington, Dec. 24.—The treasury department drew a warrant in favor of Rear Admiral Schley for \$3,334, his share of the prize money due him for the destruction of the Spanish fleet at Santiago, July 3, 1898.

HISTORIAN MACLAY MUST GO.

Long Will Remove Him, in Spite of His Claiming Civil Service Protection.

Washington, Dec. 24.—Secretary Long said last night that he had not received the reply of Mr. MacLay to the request for his resignation. Pending its receipt, the secretary said he did not wish to enter into a discussion of the matter or publication. In his informal discussion of the matter, Secretary Long made it perfectly plain that the president's intentions in regard to MacLay would be carried out, regardless of the latter's declaration that he is protected by civil service rules. It is expected that if he does not resign he will be removed summarily.

New York, Dec. 24.—Edgar Stanton MacLay, whose connection with the Schley case led President Roosevelt to have his resignation requested, as special laborer in the navy, made formal demand for trial by usual naval procedure. He averred that his case came under the civil service law and that he could not be dismissed without formal charges, trial and conviction. The request for his resignation was sent to him by Rear Admiral Barker, commander of the navy yard at Brooklyn, and he replied at once by letter formally setting forth his position.

Discussing the case, MacLay said: "The president cannot have me dismissed under the law, as I see it. I do not see how he can force me out. I am protected by the civil service laws enacted by the congress, whose enactments the president is bound to execute. I do not know positively, but I believe my position under civil service furnishes me complete protection, so long as I violate no rules of the service, and that I have not done, and that I have so stated in my letter to the commander in answer to the request for my resignation. No, I did not say that the president is as bad as the czar of Russia."

"I have done nothing more than write the commandant and ask that charges be preferred against me, and I will do nothing more just now. I have not been suspended and am working here today (meaning yesterday), as I have been doing for 15 months. I have tried to do my duty here and have broken no rules and shall simply stand by my rights, more for the principle of the matter than anything else, for my position here pays me very little and is chiefly valuable because of the experience and information it affords me as material for my books."

Rear Admiral Barker forwarded MacLay's letter to Washington.

SHERIFF'S WIFE PREVENTS PRISONERS FROM ESCAPING.

TUESDAY, DECEMBER 24, 1901.

CHRISTMAS TIME.

Christmas will be observed with
more than the usual zest and enthu-
siasm this year. There will be more
enjoyment for everybody interested.
There are excellent reasons for this,
but they are well known and need not
to be entered into. Suffice it to say,
the first Christmas of the twentieth
century will be a memorable one.

The world is better for the general
observance of Christmas. Aside from
the deep religious significance at-
taching to the time which the whole
Christian work makes a joyous holi-
day, there are impressive lessons to
be drawn from the day and the cus-
toms associated with it. It is certain-
ly meet, in a world that is too prone
to selfishness, that one day should be
set apart for gift-giving. Custom has
made Christmas, above everything
else, the children's holiday. Consider-
ing how important to the world are
the children, this is very just and
proper. The Master said: "Suffer lit-
tle children to come unto me, and
forbid them not; for of such is the
kingdom of heaven." The best of liv-
ing beings are the children, and the
nearest to the kingdom of heaven. A
day set apart for them and devoted
to the promotion of their happiness
is therefore worthy to be observed
with all possible diligence.

Christmas brightens childhood. The
man who has passed a joyless youth
knows what this means. He knows
also that he would have been better
and nobler had his early years been
less gloomy. It is a noble work,
making the children happy. The
proper observance of Christmas
makes the otherwise dreary month
of December the most glorious of the
whole year to the child who is not
wholly friendless. For this reason, if
for no other, Christmas deserves all
the attention bestowed upon it.

The United States has practically
exhausted its last resources, after re-
peated efforts, to avert the beginning
of overt hostilities between Argentina
and Chili, and is compelled to recog-
nize that the prevention of a disastrous
war, which may involve four or five
South American countries, depends
altogether upon the backdown of one
of the disputants. Both of them are
deterred from compromising tempo-
rarily on what is regarded as a com-
paratively unimportant feature of the
great questions which have long been
pending and might have been settled
but for the exasperating dilatoriness
of the boundary arbitrators appointed
at the request of the disputants.

The employees of one department
of the Findlay rolling mill have in-
augurated an anti-cigarette crusade.
They have made it a rule that no mill
man shall smoke cigarettes under pen-
alty of being thrashed. In the case
of small boys a rule of similar sort,
made and enforced by stern parents,
might be more effective than any
amount of anti-cigarette legislation.

Cupid's business is booming, along
with other people's. The marriage li-
cense office at Lisbon has an unprece-
dented holiday rush of applicants,
and 22 couples were sent away happy
in one day. The matrimonial market
is a pretty good prosperity indicator.

The president is reported deter-
mined to end the naval controversy,
no matter what heroic measures may
be necessary. More power to him!

Pickpockets will find few pockets
worth picking for the next week or
two.

The whisky trust has voted to
squeeze \$40,000,000 out of its stock.

It looks suspiciously as if the whisky
trust were afraid of water.

Nothing like it was ever known be-
fore. Such seems to be the unani-
mous opinion concerning the rush of
holiday buyers.

GOLDEN WEDDING

CELEBRATED BY MR. AND MRS. J. R. STOKES.

Aged Couple Have Lived 50 Years in One House—Happy Reunion.

Mr. and Mrs. J. R. Stokes celebrated the fiftieth anniversary of their marriage yesterday afternoon and evening. At 1:30 p. m. a delightful dinner was enjoyed by the happy couple and their friends, while in the evening a reception was tendered to the younger relatives.

Among the out-of-town guests present were: Mrs. Maple and Mrs. Kellogg, of Oil City, Pa.; John Stokes and family, of Pittsburg; T. B. Stokes and family, Indianapolis, and Rev. W. M. Glasgow, pastor of Second Presbyterian church.

All through the day Mr. and Mrs. Stokes received many handsome remembrances, of which there was a number of \$5 and \$10 gold pieces.

Mr. and Mrs. Stokes were married 50 years ago last night at 7 o'clock in the Stevenson block on the opposite corner from where they now live, by Rev. Mr. Campbell. Mrs. Stokes' maiden name was Stevenson. Mr. Stokes was employed as a baggage master at the C. & P. depot for many years and is now on the pension list of the company. The aged couple have lived all their married life in Wellsville and nearly all in the same house.

NEW SUPERINTENDENT

William Perkins Succeeds W. A. Davidson in the Water Works Department.

William Perkins, who has been appointed water works superintendent to succeed Supt. D. A. Davidson, is a man well qualified to fill the position, having many years' experience in bookkeeping and other phases of a business life. He is about 60 years of age and during the majority of those years held some very responsible clerical positions, such as clerk in the Pittsburg postoffice, clerk and pilot on a steamboat plying between Pittsburg and Cincinnati and bookkeeper in this city for the hardware firm of White & Perkins.

Supt. Davidson resigned the office to accept a more desirable one with Sheriff-elect Leonard. He will move to Lisbon January 2.

"I am of opinion, from an examination of the authorities that without further legislative enactment the state, through its attorney general, may maintain proceedings in the court to protect its people against trusts and monopolies and unlawful combinations, either under the constitutional provisions prohibiting them or under the common law. While the law is thus clear, the facts which I have been able to gather are so few and the real transactions so little known, that it is not possible for me to say at this time whether the facts exist upon which a suit could be successfully maintained by the state."

Governor Toole approves and will welcome the governors to Montana. Governor White, of North Dakota, promises to attend, with Attorney General Pyle, of that state. Governor Van Sant sent invitations to the governors of North Dakota, Montana, Idaho, South Dakota, Washington and Oregon, and suggested that in addition to the governor the attorney general of each state attend. Governor Van Sant is desirous of securing the moral support of all these states in Minnesota's fight against the merger.

SUICIDED BECAUSE HE
COULDN'T SAVE CHILD'S LIFE.

Middlesboro, Ky., Dec. 24.—Charles Preston, aged about 30, took little Jessie Marion sleighriding on Powell river, across the Cumberland mountains. The ice gave way and the girl was drowned. Preston tried manfully to save the girl, and becoming crazed over the matter, he went to the child's mother and committed suicide in her presence.

HIS HEAD TO BE CUT OFF.

Father Who Killed Four Children
Sentenced in France.

Chartres, Dec. 24.—After a week's trial, which has attracted the attention of the whole of France, Briere, the farmer of this vicinity, who, on April 21, murdered four of his daughters, aged respectively 13, 11, 7 and 4, and his son, 7 years of age, stabbing and beating them to death while they were in bed, was found guilty and condemned to be decapitated by the guillotine. Briere persisted in declaring himself innocent, but the circumstantial evidence against him was overwhelming.

A pathetic incident of the trial occurred when Briere's surviving little daughter (who, the police declare, only escaped the fate of the other children by not responding to Briere's invitation to go to see him,) went on the witness stand, sobbingly protesting that her father was innocent and begging the court to restore him to her.

opinion on the Northern Securities company. The situation is briefly summed up in the closing paragraph as follows:

"I am of opinion, from an examination of the authorities that without further legislative enactment the state, through its attorney general, may maintain proceedings in the court to protect its people against trusts and monopolies and unlawful combinations, either under the constitutional provisions prohibiting them or under the common law. While the law is thus clear, the facts which I have been able to gather are so few and the real transactions so little known, that it is not possible for me to say at this time whether the facts exist upon which a suit could be successfully maintained by the state."

St. Paul, Dec. 24.—Governor Van Sant has received replies from the governors of Montana and North Dakota to his suggestion that a conference of governors of states, interested in fighting the northwestern railway merger, be held at Helena, Mont., Dec. 30. Governor Toole approves Montana. Governor White, of North Dakota, promises to attend, with Attorney General Pyle, of that state. Governor Van Sant sent invitations to the governors of North Dakota, Montana, Idaho, South Dakota, Washington and Oregon, and suggested that in addition to the governor the attorney general of each state attend. A UNION OF CHURCHES

Urged by the Pope, In an Address Made to Cardinals, at Rome.

PONTIFF DENOUNCES SOCIALISM

He Also Severely Criticized Agitation For Divorce—Condemned Excessive Liberty of Thought—Pope Received Cardinals' Christmas Greetings.

Rome, Dec. 24.—The pope received the cardinals, who offered him their Christmas greetings. The pontiff made a lengthy address, in which he condemned what he characterized as the excessive liberty of thought indulged in at the present time. He sharply criticized socialism, agitation for divorce, and hostility between different sections of the church, and urged a union of the Christian churches.

The church, said the pope, in the course of his remarks, is now confronted by difficulties similar to those of earlier times. There were attempts everywhere to make the masses enemies of the church, the religious order were subjected to all kinds of vexatious proscriptions, and laws were being passed in open defiance of God's eternal laws.

The pontiff said the only means of successfully combatting socialism was for Catholics to hearken to and obey the instructions of the church.

ONE OF HOLIDAY DULLNESS

Taken on by the Stock Market, Monday—Some of the Features.

New York, Dec. 24.—Monday's stock market took on the tone of holiday dullness and the volume of dealings fell away a little over half a million shares, of which a large portion was in sugar. The fluctuations in the general market were not of great importance outside of sugar. There was a disposition to advance railroad stocks in the early dealings, especially the coalers, but the steady liquidation in sugar had an unsettling influence on the market and the stiffness of the call loan market discouraged speculation.

The banks generally marked up their standing call loans to 8 per cent and the great part of the day's loans were made at that rate. The incentive to business in a call loan rate below 6 per cent, while brokers charge their customers 6 per cent to carry stocks, was therefore lacking and commission houses showed a languid interest in the market.

The deep cut of 25 points made by the American Sugar Refining company in the price of refined sugar, thus unceremoniously their principal competitors, caused discussion of the probability of a resumption of a war in the trade, but much attention was also given assertions of the threat of competition growing out of the great increase in production of beet sugar and the very low prices at which that product is selling in Europe.

Only twice during the day did sugar rally as much as a point to interrupt its persistent downward course. The final price was the lowest and 6 1/2 below Saturday's closing. The previous low record for this year was broken at 11 3/4. Monday's final price was 10 3/4. Amalgamated Copper maintained its more stable tone, fluctuating over less than a point, but always below Saturday's level. The stock's net loss is 3/4. There was some continued disorder in the metal markets in London, which was reflected in a 3-point decline in National Lead preferred here, the common stock also losing a point.

The firmness in the coalers was due to the urgent character of the demand for coal, which is reported to amount to a famine at some points, thus maintaining the prosperity of the year of largest production and greatest profits in the coal trade. Pittsburgh, Cincinnati, Chicago and St. Louis rose 3 and the preferred 2 1/2. New York Air Brake broke 15 on the report of a judicial decision against one of the company's patents, but recovered a large part of the loss. The probability that money rates will not relax until some time after Jan. 1 repressed speculation.

The unprecedented holiday trade is making large local demand for cash and it is reported that the trust companies are drawing down their deposits with the banks somewhat for their year-end requirements. There was deposited at the sub-treasury \$350,000 Monday for transfer to New Orleans. Many predictions continue to circulate of a January rise in prices after money becomes easier.

Bonds were but moderately active Monday and irregular. Total sales, par value, \$2,705,000.

U. S. 3s, regular, and the new 4s declined 1/2 per cent on the last call.

ENGLAND WILLING TO ACT,

If Chili and Argentine Asks Her Arbitration—MacNaghten Commission Can't Consider It.

London, Dec. 24.—The statement of Dr. Alcorta, the Argentine minister of foreign affairs, that Argentina has referred the trouble between Chili and Argentina to the arbitration of the British government under the agreement of 1856, appears to be inaccurate, for the foreign office says the present contention is quite beyond the powers of that commission. As the foreign office understands the case, it is not one relative to the boundary between the two countries, but whether Chili has the right to build neutral roads in the disputed territory. This commission, of which Lord MacNaghten is president, has been sitting in London for nearly two years.

The appeal of Dr. Alcorta has not yet been officially communicated to the British foreign office. When this appeal does reach Downing street it will meet with the foregoing answer.

Although Lord Lansdowne, the secretary of foreign affairs, holds that the MacNaghten commission is powerless, he will intimate the willingness of Great Britain to arbitrate the difficulty between the two countries, if Chili agrees to that proposition.

Up to a late hour last night neither country concerned had requested Great Britain to take this action.

Opinion in Downing street is that while the cause of the dispute is petty, serious consequences may ensue unless prompt action is taken.

Washington, Dec. 24.—Both the Chili and the Argentine representatives were at the state department in reference to the controversy.

The United States government is watching the progress of the negotiations and is standing ready to aid in a peaceful solution in any way agreeable to both the parties. The submission of Great Britain is entirely satisfactory to the authorities here and they probably will assist in having both governments accede to this manner of solution.

BOTH SIDES LOST HEAVILY.

150 Killed, So Kitchener Reports. Other Heavy British Losses—Totals Not Yet Reported.

WEST INDIAN DANES

London, Dec. 24.—Lord Kitchener, in a dispatch from Johannesburg, dated Saturday, Dec. 21, sends reports of sharp fighting in the Orange River and Transvaal colonies. The engagements occurred Dec. 18, Dec. 19 and Dec. 20, at points widely apart. The casualties, so far as known, aggregate about 150, equally divided, but heavy British losses, the totals of which have not yet been reported have occurred in the Transvaal.

Washington, Dec. 24.—The negotiations between the governments of the United States and Denmark, looking to the cession of the Danish West Indies are dragging. No substantial progress has been made since last week. The latest suggestion from the Danish side is that the people of the islands shall determine by a plebiscite whether or not they shall be ceded to the United States. The outcome of such a test cannot be foretold, for the strong feeling of attachment for the mother country on the one hand might be offset by the great trade advantages expected to follow the cession of the islands to the United States.

FIRM FOUNDATION

Nothing Can Undermine It in East Liverpool.

People are sometimes slow to recognize true merit and they cannot be blamed for so many in the past have been humbugged. The experience of hundreds of East Liverpool residents expressed publicly through news papers and other sources places Doan's Kidney Pills on a firm foundation.

Mr. C. McLane, of 187 Church alley, who is employed at the East Liverpool Pottery company, says: "I had muscular rheumatism for three years in my back and kidneys. It caused much pain and suffering, the last years being the worst. I had a steady aching pain in my kidneys; extreme weakness in the muscles of my back; could not rest at night except lying flat on my back, and there was urinary weakness accompanying it. Although I had many bad attacks and used many different medicines, I never obtained any relief. The worst attack I ever had and which completely used me up, occurred just before I used Doan's Kidney Pills. Not having much faith left in medicines, I was rather skeptical when I was recommended to use them, but got so bad that I had to get something, so I went for a box to the W. & W. pharmacy. They went direct to the kidneys and acted on the very fountain head of all the trouble, relieving me in a very short time."

Page's Climax Salve

A FAMILY BLESSING FOR 25 CENTS.

THIS SALVE IS A COMPOUND OF **ARNICA** and **CALENDULA**, WITH MANY VEGETABLE EXTRACTS AND BALMS ADDED, EACH OF WHICH HAS LONG BEEN CELEBRATED FOR **Subduing Pain and Inflammation, with active and most wonderful Healing Virtues.**

Its action upon the system is unlike any other external remedy, as it never drives the disease to take effect on the internal organs. Its properties, when applied, go directly to the diseased part, and, as it passes into the circulation, it separates all the poisonous and corrupt humors, and attracts them through the perspiring vessels to the surface, and entirely eradicates the disease from the system. It is simply asked that the afflicted will **TRY ONE BOX**, the use of which will convince the most skeptical.

It is warranted to cure the worst cases of corrupt humors and sores after all other remedies have failed or money refunded. Old Sores, Eczema, Chills, Burns, Piles, Ulcers, Corns, Caked Breasts, Cuts, Fistula, Scrofula, Bunions, Sore Nipples, Bruises, Chafes, Salt Rheum, Frost-bitten Feet, Boils, Galls, etc.

Ask your Druggist for Page's Climax Salve and take no other. If he has not got it or will not get it for you, it will be sent by mail on receipt of 25 Cents a Box or 5 boxes for \$1.00. Sold by all first class Druggists.

A UNION OF CHURCHES

Urged by the Pope, In an Address Made to Cardinals, at Rome.

PONTIFF DENOUNCES SOCIALISM

He Also Severely Criticized Agitation For Divorce—Condemned Excessive Liberty of Thought—Pope Received Cardinals' Christmas Greetings.

Rome, Dec. 24.—The pope received the cardinals, who offered him their Christmas greetings. The pontiff made a lengthy address, in which he condemned what he characterized as the excessive liberty of thought indulged in at the present time. He sharply criticized socialism, agitation for divorce, and hostility between different sections of the church, and urged a union of the Christian churches.

The church, said the pope, in the course of his remarks, is now confronted by difficulties similar to those of earlier times. There were attempts everywhere to make the masses enemies of the church, the religious orders were subjected to all kinds of vexatious proscriptions, and laws were being passed in open defiance of God's eternal laws.

The pontiff said the only means of successfully combating socialism was for Catholics to hearken to and obey the instructions of the church.

ONE OF HOLIDAY DULLNESS

Taken on by the Stock Market, Monday—Some of the Features.

New York, Dec. 24.—Monday's stock market took on the tone of holiday dullness and the volume of dealings fell away a little over half a million shares, of which a large portion was in sugar. The fluctuations in the general market were not of great importance outside of sugar. There was a disposition to advance railroad stocks in the early dealings, especially the coalers, but the steady liquidation in sugar had an unsettling influence on the market and the stiffness of the call loan market discouraged speculation. The banks generally marked up their standing call loans to 8 per cent and the great part of the day's loans were made at that rate. The incentive to business in a call loan rate below 5 per cent, while brokers charge their customers 6 per cent to carry stocks, was therefore lacking and commission houses showed a languid interest in the market. The deep cut of 25 points made by the American Sugar Refining company in the price of refined sugar, thus underbidding their principal competitors, caused discussion of the probability of a resumption of a war in the trade, but much attention was also given assertions of the threat of competition growing out of the great increase in production of beet sugar and the very low prices at which that product is selling in Europe. Only twice during the day did sugar rally as much as a point to interrupt its persistent downward course. The final price was the lowest and 6 1/2 below Saturday's closing. The previous low record for this year was broken at 112 1/2. Monday's final price was 109 1/2. Amalgamated Copper maintained its more stable tone, fluctuating over less than a point, but always below Saturday's level. The stock's net loss is 3 1/2. There was some continued disorder in the metal markets in London, which was reflected in a 3-point decline in National Lead preferred here, the common stock also losing a point. The firmness in the coalers was due to the urgent character of the demand for coal, which is reported to amount to a famine at some points, thus maintaining the prosperity of the year of largest production and greatest profits in the coal trade. Pittsburgh, Cincinnati, Chicago and St. Louis rose 3 and the preferred 2 1/2. New York Air Brake broke 15 on the report of a judicial decision against one of the company's patents, but recovered a large part of the loss. The probability that money rates will not relax until some time after Jan. 1 repressed speculation. The unprecedented holiday trade is making large local demand for cash and it is reported that the trust companies are drawing down their deposits with the banks somewhat for their year-end requirements. There was deposited at the sub-treasury \$350,000 Monday for transfer to New Orleans. Many predictions continue to circulate of a January rise in prices after money becomes easier. Bonds were but moderately active Monday and irregular. Total sales, par value, \$2,705,000.

U. S. 2s, regular, and the new 4s declined 1/4 per cent on the last call.

ENGLAND WILLING TO ACT, If Chili and Argentine Asks Her Arbitration—MacNaughten Commission Can't Consider It.

London, Dec. 24.—The statement of Dr. Alcorta, the Argentine minister of foreign affairs, that Argentina has referred the trouble between Chili and Argentina to the arbitration of the British government under the agreement of 1891, appears to be inaccurate, for the foreign office says the present contention is quite beyond the powers of that commission. As the foreign office understands the case, it is not one relative to the boundary between the two countries, but whether Chili has the right to build neutral roads in the disputed territory. This commission, of which Lord MacNaughten is president, has been sitting in London for nearly two years.

The appeal of Dr. Alcorta has not yet been officially communicated to the British foreign office. When this appeal does reach Downing street it will meet with the foregoing answer.

Although Lord Lansdowne, the secretary of foreign affairs, holds that the MacNaughten commission is powerless, he will intimate the willingness of Great Britain to arbitrate the difficulty between the two countries, if Chili agrees to that proposition. Up to a late hour last night neither country concerned had requested Great Britain to take this action.

Opinion in Downing street is that while the cause of the dispute is petty, serious consequences may ensue unless prompt action is taken.

Washington, Dec. 24.—Both the Chili and the Argentine representatives were at the state department in reference to the controversy. The United States government is watching the progress of the negotiations and is standing ready to aid in a peaceful solution in any way agreeable to both the parties. The submission of Great Britain is entirely satisfactory to the authorities here and they probably will assist in having both governments accede to this manner of solution.

BOTH SIDES LOST HEAVILY.

150 Killed, So Kitchener Reports. Other Heavy British Losses—Totals Not Yet Reported.

London, Dec. 24.—Lord Kitchener, in a dispatch from Oonahsburg, dated Saturday, Dec. 21, sends reports of sharp fighting in the Orange River and Transvaal colonies. The engagements occurred Dec. 18, Dec. 19 and Dec. 20, at points widely apart. The casualties, so far as known, aggregate about 150, equally divided, but heavy British losses, the totals of which have not yet been reported have occurred in the Transvaal.

WEST INDIAN DANES

MIGHT DECLINE CESSION

Washington, Dec. 24.—The negotiations between the governments of the United States and Denmark, looking to the cession of the Danish West Indies are dragging. No substantial progress has been made since last week. The latest suggestion from the Danish side is that the people of the islands shall determine by a plebiscite whether or not they shall be ceded to the United States. The outcome of such a test cannot be foretold, for the strong feeling of attachment for the mother country on the one hand might be offset by the great trade advantages expected to follow the cession of the islands to the United States.

FIRM FOUNDATION

Nothing Can Undermine It in East Liverpool.

People are sometimes slow to recognize true merit and they cannot be blamed for so many in the past have been humbugged. The experience of hundreds of East Liverpool residents expressed publicly through newspapers and other sources places Doan's Kidney Pills on a firm foundation.

Mr. C. McLane, of 187 Church alley, who is employed at the East Liverpool Pottery company, says: "I had muscular rheumatism for three years in my back and kidneys. It caused much pain and suffering, the last years being the worst. I had a steady aching pain in my kidneys; extreme weakness in the muscles of my back; could not rest at night except lying flat on my back, and there was urinary weakness accompanying it. Although I had many bad attacks and used many different medicines, I never obtained any relief. The worst attack I ever had and which completely used me up, occurred just before I used Doan's Kidney Pills. Not having much faith left in medicines, I was rather skeptical when I was recommended to use them, but got so bad that I had to get something, so I went for a box to the W. & W. pharmacy. They went direct to the kidneys and acted on the very fountain head of all the trouble, relieving me in a very short time."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no substitute.

HOLIDAY SHOPPERS

From the West Virginia Panhandle Have Been Numerous in East Liverpool.

Travel on the New Cumberland branch of the Panhandle road to Chester was never heavier than it has been during the past few days. The train leaving Chester yesterday afternoon for New Cumberland contained no less than 50 passengers when it left Chester.

This proves that through advertising the merchants of this city reap a large trade from the farmers and other residents of Hancock county. Many passengers on the train were from New Cumberland and came to East Liverpool to do their holiday shopping.

Fell on a Knife Blade.

Steubenville, Dec. 24.—Joel H. Walker, mayor of the village of Mt. Pleasant, was fatally injured yesterday. He was putting up a mantel in his home, using a long-bladed knife, and while drawing it toward him he fell and the knife blade, which stood up, was plunged into his left breast.

Invited to Inauguration.

Mayor Davidson has received from John N. Hinkle, who is chairman of the governor's inaugural ceremonies, to attend the inauguration of Gov. George K. Nash at Columbus Monday, January 13. The invitation is extended to the members of the council and all of the city officers.

A Fine Entertainment.

The Sunday school entertainment and treat held at the Union chapel, McKinley avenue, last night, was very successfully conducted. The edifice was crowded almost beyond its capacity and the program contained many interesting numbers. The committee in charge is deserving of great credit for the excellent entertainment provided.

WE wish you all a Merry Christmas and a Happy and Prosperous New Year.

IN 1902.

(By JAMES BARTON ADAMS.)

In the Denver Post.

As the present old year is approaching its bier,
All bent and decrepit with age,
And a younger one waits just outside of the gates.
All ready to hop on the stage,
Don't you think 'twould be well ere the tap of the bell
To let down the good things you'll do.
How the year you'll begin and the honor you'll win
In 1902.

If the trail you have struck is all ditched with bad luck,
If success has avoided your grip,
If the burden you bear is a burden of care,
And a smile seems to die on your lip,
Just determine you'll make a strong effort to break away the shadows so blue
And successfully reach for prosperity's peach
In 1902.

Bury all your woes with the year at its close
So deeply they never can rise,
Put your hand to the wheel and push forward with zeal
With a resolute fire in your eyes,
Hit the trail with a will, although steep be the hill,
To yourself and your honor be true,
Keep an eye to the right and you'll win in the fight
In 1902.

As the passing year dies if the smiles of the skies
Your gratified eyes ever greet,
If the path you have trod by the blessing of God
Has always been smooth to your feet,
Help unfortunates press to the goal of success,
Lend a hand to those weaker than you,
And you'll meet with reward at the hands of the Lord
In 1902.
